

OPEN SWITCH.

Terrible Accident to a West Shore Passenger Train.

Four Dead Bodies Already Taken From the Wreck.

SUPPOSED TO BE AT LEAST EIGHT OR TEN KILLED.

Twelve or Fifteen of the Badly Injured Rescued and Removed to the Hospitals—The Work of Relief Being Pushed by All Available Means—Physicians on the Ground Attending the Victims as They Are Brought Out—Other Casualties.

NEWBURGH, N. Y., July 13.—A terrible accident occurred here at 12 o'clock. The westbound West Shore train, due here at 12:04, ran into an open switch half a mile south of the depot and a bad smashup occurred. Four bodies have been taken out of the wreck. A large number of badly injured are being taken in all kinds of conveyances to the hospital. It is said there are from eight to ten killed and over a dozen injured.

Everything possible is being done to quickly clear away the wreck and liberate those still imprisoned in the debris. A large force are at work at every available point.

A corps of physicians are on the ground, attending the wounds of the injured as rapidly as they are liberated, and sending them in ambulances to the nearest hospitals.

At this hour (2:20) it is learned that six or seven persons were killed and fifteen or twenty injured. Two of the dead had each an arm torn off. The train consisted of engine No. 200, baggage car, three day coaches and a Wagner car. The train was well filled with passengers. Car No. 71, in which nearly all the casualties occurred, had every seat filled. The train was a few minutes late at Cornwall and made the distance from that place to the southern limit of Newburgh at a very rapid rate. It crossed Quackass Creek a mile south of the station, ran a few rods further under the Pennsylvania Coal Co.'s bridge, then ran into an open switch in the West Shore yard. In that yard a train was standing ready to pull out onto the main track. The day express engine struck the freight engine with terrific force. The engineer jumped, but a little late, and was slightly hurt. The fireman also jumped and escaped injury. The train crashed through the freight, and all the cars were more or less smashed. Day coach 61, following the sleeper, had its sides torn off. The scene in this car was terrible. Several persons were killed outright and nearly all the rest were more or less injured. Those who were able to walk started out on their own account, and were seen with bruised and bleeding faces making their way painfully and slowly in the heat. Mr. William H. Calahan, of the Pennsylvania coal office, near the scene, heard the crash, and upon learning the cause sent word to the central telephone office to notify every policeman in the city to go to the scene, and in half an hour there were a dozen doctors attending the wounded. The dead are as follows:

Unknown woman, weighing about 190 pounds.

Unkown woman, aged about 30 years.

Unknown woman, elderly, with grayish hair.

Child, 21 months old; the parents, Burnham Elerson and his wife, were both severely injured.

An unknown woman of stout figure, about 5 feet in height, broad face, gray hair. She was one of two who had an arm cut off.

Unfortunately in the confusion articles that might have aided in the identification of the dead were separated from the bodies and it will be impossible to get the names until the Coroner shall have made his investigation. However, in a purse was found an envelope bearing the address, "Miss Jane C. Cook, 18 Hill street, Cambridge, Mass." In another lot was found a card with the name, "Miss Mary Maylander," on it.

The seriously wounded whose names could be ascertained were the following:

FRANK C. BARON of West Haverstraw, severely bruise on the leg and on the head. He was on the ill-fated car No. 11.

Jacob Cook of Utica was taken to St. Luke's Hospital. The injured are probably fatal. Her head was cut in a frightful manner and she was hurt internally.

JOHN ROBINSON, 16 years old, of 217 West Seventeenth street, Jersey City, skull and bone fractured; recovery doubtful.

GUSTAVUS, 21 years old, injured internally.

An unknown woman of stout figure, about 5 feet in height, broad face, gray hair. She was one of two who had an arm cut off.

The seriously wounded whose names could be ascertained were the following:

FRANK C. BARON of West Haverstraw, severely bruise on the leg and on the head.

FRED HOLLAND, engineer of locomotive 1906 of the freight train that was struck, live at New Durham, 32 years old, severe scalp wounds and bruise.

CHARLES F. RUE of Union Hill, N. J., leg broken, scalp wound.

MINNIE EBYR, colored, of Charlestown, D. C., head cut and bruised and internal injuries, suffered from shock.

M. V. B. HARDY, Brooklyn, leg broken.

Mrs. N. R. HARVEY, New York, leg broken and head hurt.

BURNHAM ELVERSON and his wife. The former suffers from a broken arm and severe bruises and the latter had her left leg injured.

Their child was killed.

Five members of a family named Michael of Brooklyn, mother and four daughters were all more or less injured.

CHARLES WILLIS, fireman on the passenger train, ruptured a blood vessel in his right breast and was bruised. He was taken to St. Luke's Hospital. This is his fifth wreck and he says he is done with railroading.

DEAILED ON THE CANADIAN PACIFIC.

LONDON, Ontario, July 13.—The Canadian Pacific Railway train from Chicago was derailed at Komoka Junction, nine miles from here, to-day. There were eighty passengers on board, but all escaped with a severe shaking up except four, who were injured. One of the injured is Charles Carson, an Italian, who holds a Masonic ticket. Portuguese, dated Omaha, Neb.

BOTH KILLED BY A TRAIN.

ESTERTOWN, N. Y., July 13.—While a large party of Odd Fellows were returning early morning from Watts Flatz, where they attended an installation of officers last

night, the carriage containing Frank Newhouse and Dexter Whitford was struck by an Erie train. Both men were killed. They leave families.

EXPLOSION OF NITRO-GLYCERINE.

WASHINGTON, Pa., July 13.—Last evening William Cox, aged 13, his sister Matilda, aged 14, and Georgia Ward, aged 12, found a pint and a quart bottle under a tree at the roadside. They threw several stones at the bottles. When one of the bottles was struck an explosion followed. The glass house, a brick arched hole was blown out. The earth, trees and fence were thrown down and the children hurried many feet away. The bottles contained nitro-glycerine. Willie Cox was fatally hurt. The girls were badly injured and are in a critical condition.

ANOTHER IOWA STORM.

WATERLOO, Iowa, July 13.—This city was visited by a cyclonic storm this morning which resulted in the destruction of sidewalks and shade trees, the blocking of railroads and 50,000 dollars' damage to buildings. The First National Bank, the building of Massey Hall and Lamb & Lithgow's store are among the buildings badly damaged. The storm lasted two minutes and was three miles wide. No lives were lost so far as known.

STEAMERS COLLIDE.

HAMBURG, July 13.—The collision on the River Elbe between the German steamer Russia from this port to Baltimore, and the British steamer Ormon from the River Plate, occurred while the latter vessel was lying at anchor. The Russia's stern was damaged and several of the Ormon's plates were stove.

POMERAY CYCLONE SUFFERERS.

POMERAY, Io., Jan. 13.—The cyclone sufferers are badly in need of stoves. A formal appeal was issued to day for help in this direction. The appeal says:

The Pomery Relief Committee needs 100 good stoves. Please ship to F. B. Horchberger, General Superintendent of the Relief Fund.

TRACKED TWO YEARS,

But Dr. H. C. W. Myers Has at Last Been Run Down.

DETROIT, Mich., July 13.—Last night one of the most notorious prisoners in America fell into the hands of the police and to day at Chicago, New York and Toledo will begin a legal war for his custody. Two local detectives, guided by Detective Julian of New York and two Pinkerton men, arrested Dr. Henry C. W. Meyer at 123 Clifford street on suspicion. Julian and the Pinkerton men had cornered him in his track for two hours. He was finally cornered in Toledo, collecting in the meantime evidence which they say will carry Meyer to trial for his offense.

Julian says that Meyer graduated from the Chicago Homeopathic School in 1878 and his operations began year later, when he was surprised to hear the man vehemently declare that he was the person whom the other two had attempted to rob him. The Sergeant at once released the man and gave chase to the fugitive, who was rapidly disappearing down the street. Calling to him to halt, the Sergeant fired a shot in the air, which had the effect of bringing the pursued to a standstill. He placed him under arrest, when he was surprised to hear the man vehemently declare that he was the person whom the other two had attempted to rob him. He gave his name as R. H. Smith of 220 South Lemingwell avenue and quickly convinced the officer of the truth of his story. The two men had jumped on him, he said, knocked him down and were riding his pockets in spite of his resistance when the officer arrived on the scene. He did not see the officer, he said, until the two men released him. The Sergeant then took off his belt and struck him with the best part of his heels to escape without waiting to ascertain the cause of his delivery. He ran because the Sergeant was one of the robbers pursuing him.

The real robbers had in the meantime run off on Pine street and made their escape. No trace of the purchasing clause, he replied. "Yes, of the purchasing clause," he replied. "But this is not alone responsible for business reverses. The lack of a determined policy of the government and industry is the reason of the present part of the disaster. There is a lamentable lack of confidence in the wisdom of the Cleveland regime and the course which it has adopted. The Sherman law is a strict censorship of the press and the people are constantly interfered with. No newspapers are permitted to export except the personal organs of the Acting president."

WILL HAVE GUNBOATS.

BANGKOK, July 13.—The Siamese Government has refused to permit two more French gunboats to enter the Mekong River, twenty miles from the mouth of which Bangkok is situated, and has threatened that if the gunboats attempt to cross the bar at the mouth of the river, they will be sunk. France has officially held that this action is practically a declaration of war.

TRION'S SUCCESSOR.

LONDON, July 13.—Vice-Admiral Sir Michael Colville-Seymour, who has been appointed Commander-in-Chief of the British Mediterranean Station to succeed Vice-Admiral Tryon, who lost his life in the Victoria disaster, has arrived here.

SIAMESE-FRENCH TROUBLES.

BRUSSELS, July 13.—The *Independence Belgae* says that the troubles between the French and Siamese of the Annam frontier are spreading and that all trade has been stopped.

THE ARMY BILL SUCCEEDING.

BERLIN, July 13.—The first clause of the army bill was passed to day by a majority of 11. The ministerialists are jubilant, as this practically amounts to a repeal of the whole bill.

TO DISSOLVE THE CHAMBER.

PARIS, July 13.—It is expected that a decree dissolving the Chamber of Deputies will be issued on Thursday.

CANNOT GET WATER.

EDWARD BATTERD.

James Ryan and Redmond Coleman quarreled at 1435 North Thirteenth street about 3 o'clock this morning. A fight resulted in which Ryan used a cold oil can to good advantage. The oil spattered him and then he turned on his wife and son, who was then holding his son. Ryan then struck his wife, Kate, whom he was abusing. The trouble between them is on account of the conduct of Wilson by a former marriage. She failed to appear against him and he was allowed to go free.

Gardner is a negro and lives at 2330 Pine street. He was arrested yesterday morning for beating his wife. He was fined \$2.

Quarreled Over Clothes.

Belle Bishop and Aggie Meyers, two wife-beaters, were arraigned in the First District Police Court this morning. Wilson is a white man and lives at 2322 Pine street.

Wilson is an opium-smoker and has been rolled in his clothes and succeeded in alienating the geography of Ryan's face to a considerable extent. Both were arrested and tried for assault and battery.

Both were expected to-day, although there are four cases against him in Chicago. It is said efforts will be made to send him to New York, where the case is alleged to be strong enough to warrant electrocution.

JUDGE JENKINS' ARREST.

CHICAGO, July 13.—All persons about the Government building here to-day who are in any way connected with Judge Jenkins express regret at his arrest in Milwaukee in connection with the plankton bank troubles. In all the discussion which takes place not a word of suspicion is heard, the author of the talk being sympathetic and entirely on the side of the great confidence in which the jurist is held.

Judge Woods, who arrived in the city this morning, said he had no great concern and advised we did not imagine what the whole matter will be cleared up eventually in the Judge's favor. From all accounts he is innocent and the public opinion is that he is a man of high character.

He was arrested on a charge of perjury.

MEAT INSPECTION.

Secretary Morton's Circular to the Packers of the Country.

QUESTION AS TO THE GOVERNMENT'S FURNISHING INSPECTORS.

His Letter Misunderstood—There Was No Intention to Stop Examination of Meats—His Idea Is the Exporter Should Bear the Expense of the Inspecting Officials—Washington News.

WASHINGTON, D. C., July 13.—A short time ago Secretary Morton issued a circular addressed to the packers of meat, in which he asked for views as to the advisability of diminishing the force of employees in the Bureau of Animal Industry and whether or not the inspection of meat conducted by that bureau at the expense of the Government ought not to be conducted by the exporters themselves. The criticism following this circular was to the effect that the Secretary proposed to abandon the inspection of meat and thereby threaten the stoppage of all our exports.

"I have not proposed the stoppage of meat inspection," said Secretary Morton, discussing this subject to day, "for the law distinctly says that it shall go on, and no officer has the power to abrogate the laws enacted by Congress. However, under that law there is a discretionary power which enables the Secretary to reduce expenses, especially unnecessary ones. If the benefits to be derived from the law are supposed to be in the direction of creating a demand for our meats abroad, then the law is a failure. The inspection of beef for export began May 1, 1861, and the first shipment of inspected beef was made May 22, four days later. The microscopic inspection of pork for export began June 22, 1891, and the first inspected pork export was shipped Sept. 5, 1891. Since inspection began, up to May 11, a period of a little more than two years, we have sold to countries demanding a certificate of inspection meat of the value of \$3,577,443. During the same period the total for all expenses of inspecting this meat was 8 per cent of the value of the entire product sold by reason of the inspection. The question is: Shall the people be taxed in this way to assist a few individuals, or shall the men engaged in the business of exporting stand the expense themselves? It is not the intention of this department to do anything to interfere with the business of the exporter, but it is the positive intention to do all that can be done in the way of cutting off useless and ornamental expenses, and that will go on so long as any such officials are discovered."

THE SUBMARINE BOAT.

WASHINGTON, D. C., July 13.—The board of naval experts to whom were submitted proposals for constructing a submarine boat have reported to the Naval Department that of all the plans received only two promised any practical results—the Baker boat and the Holland boat. The board asks further.

ALL TAKE A HAND.

Abusing the Umpire Becomes General at Sportsman's Park.

THE BLEACHERS NO LONGER HAVE A MONOPOLY ON ROASTING.

Remarkable Change in St. Louis Audiences—The Umpire Problem—Shugart's Lameness—Track and Stable Gossip—Cycling Chat—The Fugilistic World—Sporting All Sorts.

The umpire's lot is not a happy one, as Mr. Jack McQuaid told out to his sorrow yesterday. There is no gainsaying the fact that he was conscientious yesterday and considering the circumstances his judgment in one or two instances was admirable, but for all that he got a worse roasting than any umpire has received at the hands of a St. Louis audience this season. McQuaid's greatest fault yesterday was inattention, the crowd did not score him for this, however, but for decisions that were both reasonable and fair. Hallinan was not out at the home plate, neither was Shugart safe on second, but because the decisions were costly to the home club the crowd unreasonably abused the umpire for not stumping himself and giving the home team the best of it, and they did abuse him. Cat calls and slurs, hisses and insulting remarks were hurled at him from the grand stand as well as from the bleachers. This latter phase was something new at Sportsman's Park, where an umpire is rarely if ever criticised except by the bleachers who want everything in sight and how if they do not get it. But there was no dividing line between the kickers yesterday.

A marked change in this regard has come over St. Louis audiences and it is not one to be commended. At the old Sportsman's Park a spectator in the grand stand who let his prejudices get the better of his right judgment, would be howled down by those sitting around him but the rule seems to be that the rule is now reversed. The Phillips batted out run earned run in the ninth on Cross' single to Helley's two baggers. The score: Philadelphia 2, St. Louis 7. Error—Philadelphia 2, St. Louis 7. Error.

MORE BAD LUCK.

The Phillips deserved yesterday's game by right of magnificent fielding but it was their tendency to score two run in the second inning by refusing to call Helley out on strikes.

GONE TO RESORTS.

St. Louis Society People Enjoying Seashore and Lakes.

THE CITY NOW WEARS A DESERTED APPEARANCE.

Absolutely No Indoor Functions Being Given—Summer Garden Parties, Drives and Picnics the Only Social Diversions—Where St. Louis People Are Sojourning—The World of Fashion.

St. Louisans have been flocking to the summer resorts since July set in, and the city now wears a deserted look, so far as follows of society and fashion are concerned. The Chicago World's Fair is visited by nearly all of the tourists, nearly all of whom, however, go from there to some resort to spend the balance of the heated term. With the exception of summer opera garden parties and occasional drives and picnics, there is absolutely no entertaining being done, the weather being too torrid to permit of any indoor functions.

VISITORS.

Rev. F. W. Barnes is entertaining his father, Dr. George J. Barnes, at the summer residence of Mrs. H. G. Brant, who are guests of their St. Louis relatives in Alton, where they are spending the summer months.

Miss Margaret Bryant has gone to Chicago to attend the World's Fair.

Mr. and Mrs. James L. Ford, Miss Elsie Ford and Master James Ford are now in Chicago. They leave next week for Virginia Beach, where they will remain during the summer, and will return to their home in Battle Lake, Minn., to visit friends at Lake Minnetonka.

Miss Anna Farnum has gone to join friends at Lake Minnetonka.

Miss Anna Farnum and son have gone to Cleveland for the summer.

Miss George Wilde and her two children have gone to Colorado for a few weeks.

Miss Marion Wright and her mother have gone to Colorado for a few weeks.

Miss Anna Whitaker and mother left the first part of this week for the North, stopping for a week in Chicago.
